VOLUME CVII.--NO. 236. ALEXANDRIA, VA., MONDAY EVENING, OCTOBER 1, 1906. PRICE 2 CENTS.

MADE FROM NATIVE ROOTS.
SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "papoose root" for her, for that was their great remedy for female weaknesses. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women.

Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put up for sale through druggists for woman's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

Constables Rescued from Italians.

Two hundred outraged Italians mobbed two constables and held them prisoners in an old house at Schomps Mills, ten miles from Somerville, N. J., for several hours yesterday. Both constables were badly injured by stones and clubs thrown by the mob. A riot call was sent from Peopack Lake yesterday afternoon to the sheriff's office at Somerville, telling of the danger of the two imprisoned constables, who were surrounded in the old house by a frenzied mob, bent on killing them.

Deputy Sheriff Anderson and three special policemen started for the scene of the trouble in a big automobile. As the officials nesred Schomps Mills, they were met by Constable John R. Stevens, of Peopack, and Constable James Wood, of Pluckemin, who had just been rescued from the mob by a posse of farmers after a stiff fight.

Stevens and Wood started out to run down a number of Italian poachers who had been violating the game laws by shooting pheasants and other game in the Peopack district. The constables arrested an Italian and the fellow stopped and uttered a peculiar cry, which echoed through the hills. A minute later about 200 Italians rushed down the hill from their shanty and surrounded the officers.

When the constables drew their guns the Italians became frenzied and crowded in with drawn knives until the officers were obliged to flee for their lives and take shelter from the mob in a deserted house near by. They dragged their prisoner with them and were followed by the mob, which surrounded the houses and broke out the windows with a fusillade of stones.

Bishop Attacks Bible.

Bishop Charles D. Williams of the Episcopal Diocese of Michigan, in an address to Young Men's Christian Association members at Detroit, Mich., on "The Bible and the Word of God," declared that the Bible is not the word of God, and that the teachings, to the contrary, are the most prolific source of unbelief the church has to contend with. The bishop said: "Nowhere does the Bible declare itself the word of God. Yet we are told we must take it in its entirety. It is a venerable museum, and visitors are requested not to touch, as it is the direct word of God, and there is no other. Take the young man just out of college. He reads Genesis and finds impossible geology, astronomy, and ethnology. His teacher says, when questoned: 'Manipulate it until it fits your sciences.' If too honest to handle the word of God craftily, the young man gives up the Bible. He refuses to stultify his reason. The Bible needs no defense; all it needs is a square deal. There are those who read it devoutly, diligently. But I never say the Bible is the word of God; I say the Bible and the word of God. To those who accept the entire book as the literal word of God, I would point out that it is nowhere so stated. Christ tore asunder the Old Testiment precepts, the law of Moses, and furnished now ones. Where the Old Testament directed men to hate their enemies, the teachings of Christ were to love your enemies. We must learn from the Scriptures itself how to read the Scriptures, Some of us use it as a heathen does his fetich or amulet—a wicked use of the book."

High Speed Caused the Accident.

Excessive speed, causing the engine to overturn, it has been decided by the board of trade inspectors, caused the railway accident at Salisbury, Eng., on July 1 last, in which upward of a score of Americans on their way from Plymouth to London lost their lives.

In the report, issued yesterday, Major Pringle, the representative of the board of trade, who had charge of the investigation, says that all the evidence points to the fact that the speed was at least twice as great as authorized by the company, and possibly it was as much as 70 miles per hour. He believes that had the speed limit of 30 miles through the station not been exceeded the disaster would not have occurred.

The report censures the guard of the train, Harrison, for, when he knew that the speed was dangerous, not applying the continuous brake, which would have greatly reduced the speed and possibly prevented the accident. Major Pringle found no evidence in support of the allegation that Americans, or anyone else, were in the habit of tipping the engineers of steamboat expresses in order to encourage them to run the trains at excessive speeed.

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, tumors, ulceration, falling and displacements or perhaps irregularity or suppression, causing backache, nervousness, irritability and lassitude.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss F. Orser, of 14 Warrenton Street, Boston, tells women how to avoid such suffering; she writes:

Dear Mrs. Pinkham:—

"I suffered misery for several years with female irregularities. My back ached; I had bearing-down pains, and frequent headaches; I could not sleep and could hardly drag around. I consulted two physicians without relief, and as a last resort, I tried Lydia E. Pinkham's Vegetable Compound, and to my surprise, every ache and pain left me. I gained ten pounds and am in perfect health."

Miss Pearl Ackers, of 327 North Summer Street, Nashville, Tenn., writes:

Dear Mrs. Pinkham:—

"I suffered with painful periods, severe backache, bearing-down pains, pains across the abdomen; was very nervous and irritable, and my trouble grew worse every month. My physician failed to help me and I decided to try Lydia E. Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, bearing-down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for twenty-five years she has, under her direction and since her decease, been advising sick women free of charge.

MONDAY EVENING. OCT. 1, 1906.

WITH THE opening of the college year the usual reports of hazings and rushes and general ruffianism, organized or unorganized, begin to appear in the newspapers. On Thursday a sophomore at Columbia, in New York, was seriously injured in a senseless collision between the two lower classes at that institution on South Field. That night the same Columbia classes created riotous scenes at Fort Lee. This fall there have been systematic campaigns of disorder prevailing at a few unprogressive colleges, where night after night freshmen in their beds were routed out to play pranks for the amusement of sophomores. As the result of brutal hazing by University of Pennsylvania students at midnight on Thursday, a student lies in a dangerous condition in the University Hospital. At least five other students, one of them a sophomore, were also taken to the hospital for treatment. Such performances in a ruder day were part of the traditions of student life. They have been long abolished in the better American colleges, and students who indulge in them and institutions which tolerate them, instead of giving evidence of manly college spirit, merely record themselves as still afflicted with childishness. Real up-to-date college men do not do such things; only overgrown and underbred boys The wise college presidents, both in large and small institutions, have effectually stopped these practices without sacrifice of the manliness of their students or any interference with the reasonable overflow of animal spirits. They have simply created a standard of gentlemanliness and civilization which does not permit self-respecting young men to imitate the manners of rowdies.

IN HIS proclamation on Saturday declaring himself military governor of Cuba, Secretary Taft said:

The provisional government hereby established will be maintained only long enough to restore order, peace and public confidence, by direction of and in the name of the President of the United States, and then to hold such elections as may be necessary to determine on those persons upon whom the permanent government of the republic should be devolved.

In his Chicago speech to open the republican congressional campaign in the middle West, Senator Beveridge, of Indiana, only a few days previously, said:

When the American flag is unfurled from Santiago to Havana it would mean for Cuba the arrival of an era of peace order and progress. That intervention would mean 50,000 American troops in Cuba for a year, to build up that social order which was once established by Americans, but which the Cubans have shattered. When this work should be done once more we would never again let it be undone. If the American flag went to Cuba, it would go to stay.

Both Secretary Taft and Senator Beveridge spoke for the President, and the majority of people will think that the Senator best knew Mr. Roosevelt's intention.

ABOUT THE time Congress adjourned Mr. Rixey, the able and efficient representative from this district, was advised, on account of some slight throat trouble, to spend the summer in Colorado. He expected to return to Virginia about the first of September, but the climate of Colorado proving so beneficial his friends have persuaded him to remain there a few weeks longer until his cure is complete. His political work in this district has been thus delayed but by the middle of the month, he writes his friends, he expects to be at home and to enter actively into the campaign. Mr. Rixey need give himself no concern politics regarding in his district. His return to Congress is so sure that the republicans are taking no interest whatever in the approaching election and Mr. Henderson, his opponent, has already said that the time is not yet come for the election of a republican congressman in this district.

DESPITE THE newspaper and other reports that the government printing office is in a chaotic condition under the management of Public Printer Stillings, it is now stated that the early delivery of the bound edition of the Congressional Record for the last session breaks the record. Mr. Stillings says that he was enabled to make such a showing because he had the earnest co-operation of all the employes in the office. The edition consists of 3,900 sets of eleven volumes each (including index), making a total of 42,900 volumes. Notwithstanding the extraordinary size of the Record for this session, this edition has been completed within three months from the adjournment of Congress as regards first deliveries, breaking previous records by nearly three months.

THE BIG Sunday papers circulated in this city yesterday contained not one news item of general interest that was not published in the Gazette the evening before. Secretary Taft's proclamation in Cuba; the ordering of U. S. soldiers and ships to that island; the big railroad accident in Pennsylvania; the hurricane in the South; London's new Lord Mayor, etc., etc., were all chronicled in Saturday's Gazette, which thus gave its readers "the very age and body of the times" from twelve to sixteen hours in advance of its morning contemporaries.

A DISPATCH from Provincetown, Mass., says President Roosevelt spent Saturday on board the battleship Missouri, of the North Atlantic squadron, watched the target practice, ate dinner with the sailors, smoked one of their cigars and posed with the champion gun crew of the fleet for the newspaper photographer. The dispatch is silent as to whether the officers of the ship joined the President at his meal with the sailors.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Oct. 1.

With questions pending which vitally affect nearly every section of the United States the October term of the United States Supreme Court, which begins next Monday, will attract usual attention. Decisions on a score of cases left over from last term are expected shortly after the court convenes. Hearings will then begin on others on the docket.

Among the cases on file, one of the most important is that of the leaders of the Western Federation of Miners. They seek release from the custody of the Idaho officials, who charge them with the assassination of Governor Steunenberg of that State. In this case is involved a fight of labor against the capital in the West.

No. 1 on the docket is the Isle of Pines case, in which the court will be called upon to determine whether that island is foreign territory or not.

Another suit, that of Warren B. Wilson, of Illinois, will determine the legality of the purchase of the Panama Canal Zone.

The Arkansas river irrigation case will be heard during the first week of the term. Kansas seeks to prevent the citizens of Colorado diverting water from the river for irrigation purposes.

Nearly every county in Nebraska is interested in the outcome of the suits of the Chicago, Burlington and Quincy, and the Union Pacific railroads against the county treasurers for levying a special tax for the year 1904. As a result of the failure to collect the taxes, public schools have been unable to proceed for lack of funds.

A decision is anticipated at the beginning of the term in the Riggs case, in which the classification of figured cotton cloth under the tariff law of 1897 is to be determined

During the summer vacation, a number of important cases were docketed and action upon them may be expected at this term.

Among those is one testing the New York law which requires brokers to attach a stamp to transactions. Others are the case of Albert Patrick, of New York, who seeks to escape the death penalty; that involving the interpretation of the will of Potter Palmer, in regard to property in New York; the case against the fertilizer trust, in which an attempt is being made to get the officials back to Tennessee for trial; that of Representative Williamson, of Oregon, under sentence to serve a term in prison for alleged connection with the land frauds; and that of Gould and Goodwin, who are resisting an attempt to take them from California to Oregon for trial in connection with land frauds.

That there will be no serious fighting in Cuba as a result of intervention by the United States is the belief of officers of the army on duty at the War Department. In fact there is little probability that a second expedition of troops will be sent to Cuba unless the unforeseen occurs and there should be a general insurrection against the authority of this country.

The good grace with which the provisional government established by Secretary Taft has been received by both parties in Cuba is particularly gratifying to the officials of this government. At the present time, so it is declared in army circles, there is no one to fight in Cuba and the only present necessity of troops on the island is to support the provisional government of Mr. Taft and to suppress any guerrilla warfare which may be started. The only section of the island where immediate trouble is expected from guerrillas is around Cienfuegos.

The transport Sumner, which was to have sailed on Wednesday from New York with 900 men of the first expedition, will sail on Tuesday instead. She will carry two battalions of the 5th Infantry, some hospital corps men and the Second battalion of engineers from this city. It will be early next week before all of the troops of the first expedition have left for Cuba.

Information received in official circles today indicates that it is the intention of Secretary Taft to call for general elections in Cuba at the earliest possible moment. It is believed here that the elections will be under military supervision.

With every freight receiving agent of the country's railroads acting as an aid the Agriculture Department today put into operation the provision of the meat inspection law which prohibits the interstate shipement of meats that fail to carry the official stamp of the government. It is to the interests of the railroads to exercise great care in order to prevent transportation of non-inspected meats. Should such meats be carried from one state into another they would have to be sent back to the point of shipment. Forty packing plants have been refused the priviege of interstate traffic owing to the fact that they did not heed Secretary Wilson's mandate to "clean up." More than fifteen hundred inspectors are today inspecting and tagging the meat product in the three hundred institutions that have been passed up as "clean."

The Pensacola Navy Yard has been practically put out of business by the recent cyclone. The converted yacht Gloucester which has a displacement of nearly 1,000 tons and which draws sixteen feet of water, was turned over the twelve feet high wall which surrounds the navy yard and landed 600 yards from the beach.

Four Companies of Engineers, E, F, G and H, under the command of Maj. Langfitt, left their station at Washington Barracks this morning for New York where they will embark for Cuba tonight, on the transport Sumner.

Secretary Root was at his desk this morning trying to catch up with the mail which has accumulated during his absense of three months in South America.

The remnant of the Gulf storm of last week is central this morning over the northeastern portion of the Gulf of Mexico. It has not developed as yet sufficient energy to cause more than fresh winds and rains in the Gulf and south Atlantic States.

The battleship Texas, which left Norfolk yesterday with 300 marines on board collected from Norfolk, Portsmouth and nearby stations, has been held up by the Navy Department at Cape Henry to await further orders from the Department before the proceeds to Havana.

News of the Day.

Sixteen ballons started yesterday from the Gardens of the Tuileries in Paris in the race for the long-distance record.

The order for the construction of the Carnegie Palace of Peace in The Hague has been awarded to W. L. M. Cordonnter, the French architect.

Attorney General Moody has directed that suits be entered against several leading railroad companies because of their failure to observe the safety appliance law.

According to James F. Sanborn, one of the engineers employed in the construction of the New York aqueduct, the Atlantic coast is sinking at the rate of a foot a century.

Word was yesterday received at Cape Haytien of the defeat of the rebels besieging Monti Christi, Santo Domingo, by President Caceres, and the execution of twenty-four prisoners.

Secretary Root, has returned, is full of enthusiasm over the success of his South American mission. He is the first United States Cabinet Minster to be sent on a diplomatic mission.

The old wooden steamer City of Concord went down in Lake Erie during the storm and three of the 12 men aboard were drowned. Three men were lost on Lake Michigan as the result of the foundering of a carferry barge.

Mayor Dunne cut loose from William Randolph Hearst in an address in Chicago Saturday night. He arraigned the Hearst leaguers as "disgruntled ones," who sought the disruption of the democratic party and not its improvement.

"Jimmy" McLaughlin's gray colt Oxford won the Oriental Handicap, at one and one-quarter miles, Saturday on the last day of the Gravesend meeting. It was Oxford's first victory of the season, and the horse went to the post at the long odds of 20 to 1.

Senor Quesada, the Cuban Minister, has cabled his resignation, through the Cuban Secretary of State, Senor Diavo, to Secretary Taft, provisional governor of Cuba. With American Intervention in Cuba, the Minister does not know whether the legation will be continued.

Count Boni de Castellane has been re-elected anti-ministerialist member of the French Chamber of Deputies from the Basses Alps by 2,250 votes, against 5,124 polled by his three opponents combined. He was unseated after his last election from that district on charges of corruption.

Unable either to walk, speak or see, Joseph Chamberlain's condition is pitiable. Although the family will admit only that he is suffering from gout the once "strong man of England" and — strong in physique as he was in mentality—lies a helpless and hopeless paralytic awaiting the end which his seventy-one years of strenuous unhygienic life must make a question of but a short time.

William Rogers, twenty-five years old, last night sent two bullets into the body of his wife, Mrs Ella Rogers, in Savannah, killing her instantly. Then he turned his weapon upon himself and sent a bullet through his right shoulder. The shooting occurred in a lunch room where Mrs. Rogers had gone to secure food for herself and two daughters of a former union. There her husband found her, and made his second and this time successful attempt to kill her. Rogers would have successful in killing himself had not a man in the place sprung upon him and wrested the pistol away. Rogers was arrested.

In a duel to the death at Dillon, S. C., Saturday, John S. Bain was killed in front of his store by Kelly Quick, an employe of the Dillon Cotton Mills. Quick's wife complained to him that Bain had spoken disrespectfully to her and used improper language. Quick armed himself and went to Bain's store. He was observed, and Bain met him at the door. Both began shooting with revolvers, but their aim was bad. Quick then went to another store and got a gun. Bain also secured a gun, but, as he stepped out from the store again, Quick fired a load of buckshot into the merchant's left side, and he died in a few minutes.

MARINES LANDED.

Four hundred and fifty marines were sent to Cienfuegos last night by rail as a precaution, news having been received by Governor Taft that fighting was liable to occur between the insurgents and the rural guards and militia. The marines will reinforce those already there, who were landed from the Marietta and Dixie. The ill feeling between the Cubans at Cienfuegos is very strong. That is the city where the disturbances took place last year.

Some excitement is reported at Sancti Spiritus. An order has been given to land 100 marines from the Tacoma today at Tunas de Zaya, the nearest port to Sancti Spiritus. A thousand men will be landed at Havana. They will camp at Camp Columbia. The forces which are now coming will be landed at different places on the island.

The Army and Navy Departments at Washington are on a war basis, and were open all day yesterday.

The transports and troops for the first expedition are on the move and concentrating at Newport News, Va.

The army has completed plans for a second military expedition to Cuba.

Cubans are discussing the organization of an annexation party.

Virginia News.

President Roosevelt has sent word to Senator Daniel and Congressman Glass that he will be unable to attend the Lynchburg fair.

The University of Virginia football team on Saturday defeated St. John's College, Annapolis, by 11 to 0 in thirty minutes of play.

While working on a bridge over Otter river, Bedford county, Saturday, Henry Williams fell a distance of 85 feet. He was only slightly injured.

The first of the suits against the Norfolk and Western Railway Company for alleged excessive charges in coal shipments was filed in the United States Court in Norfolk Saturday.

Mrs Mollie Ford, of Round Hill, Loudoun county, daughter of the late Mason James, and wife of State Senator George T. Ford, of that town, died Friday night from a complication of diseases, aged 55 years.

Republicans of the Second Virginia district will make great efforts to elect their candidate for Congress. Vice President Fairbanks, Secretary Bonaparte and Secretary Shaw will probably make speeches in the district.

The Fredericksburg Water Power Company, owned by Joseph F. Swift, of Wilmington, Del., has been sold to a party of capitalists, represented by W. C. Whitner, of Rock Hill, S. C. The price is said to be $125,000.

The opening convocation of the eighty-second academic year of the University of Virginia was held Saturday. At present with many new students enrolling themselves every day, the total attendance is 741, the largest in the history of the institution.

The department of insurance has been investigating several insurance companies chartered under the laws of the State, complaints having come in from various sources. As yet nothing authentic will be given out at the insurance department.

Taylor Pemberton, one of the best-known merchants in Richmond, died suddenly on the street yesterday of apoplexy. He was walking from the home of his niece, Mrs. R. T. Sale, to the home of his sister, Mrs. Thomas Whiting, when he was suddenly observed to throw up his hands and fall.

James Frank Childress, of Danville, hunted for two weeks as the murderer of C. C. Henderson, was acquitted in short order at the preliminary trial in the Police Court in Richmond Saturday. Eleven witnesses testified that the blow struck by Childress was given in self-defense, and that the injury which caused Henderson's death was received when he fell.

Scipio Sales, colored, was killed in an unusual way in Roanoke yesterday by William Spinner, another negro. The men engaged in a quarrel over a trifling matter when Spinner seized a big butcher knife and ran Sales into the Roanoke river. Once in the water, Sales was stoned to death by Spinner. The body went down in eight feet of water while a number of witnesses on the bank looked on. Spinner made his escape.

Policeman Charles A. Sherry yesterday morning shot and killed Harry Jackson, colored, a chicken thief, while the latter was attempting to evade arrest in Richmond. Four shots had been fired before the negro fell. He never spoke or moved after the last shot was fired. The negro was carrying on his shoulders a sack containing his ill-gotten goods. The officer was placed under arrest and gave bond in the sum of $1,000. The negro was an ex convict and had a bad reputation.

Mrs. Langtry.

Looking younger than she did three years ago, Mrs. Lillie Langtry, in private life Mrs. Hugo de Bathe, arrived in New York on Saturday.

Mrs. Langtry comes to inaugurate a vaudeville tour, and will make her debut at Keith's Proctor's Monday. She will appear in a 20-minute drama entitled "Between the Nightfall and the Light."

Mrs. Langtry told of her mare Aurina winning the Prince Edward Cup at Manchester. This carries with it a purse of £2,000. She said that while in this country she would buy a number of horses.

Mrs. Langtry was informed that Sir Henry de Bathe was dead, and she was asked whether, in the event of her husband succeeding to the title, she would assume the title of Lady de Bathe.

"So old Sir Henry is dead?" she said, "I am sorry to hear it. Of course, I should be Lady De Bathe. I would not use it as a stage name."

"It may be of interest to you to know," it was remarked, "that Fred Gebhardt has just married one of the original 'Florodora sextet.'"

"It is strange how in America they dig up those old dead bones," she said.

As the result of the new alien law Mrs. Langtry had to tell her height and give a short description of herself. To the question as to her complexion Mrs. Langtry said "Troublesome."

Supposed Victim of Black Hand.

Joseph Restrifo, 35 years old, and a well-to-do mason and contractor, of New Rochelle, N. Y., was found early yesterday morning hacked to death beneath a tree on the Lathers estate, near New Rochelle.

It is generally believed he was another victim of the Black Hand Society, which has spread terror among the foreigners in the northern section of Westchester county. This makes the ninth Italian murder in Westchester in the last few months.

It is known Restrifo had $200 last week, and this is missing, but his friends believe he deposited it when he went to New York this week. Only $1.12 was found in his pockets, and his watch was missing. On one of his fingers were two valuable rings.

Chief of Police Timmons does not believe the Italian was murdered for his money, but thinks it was for vengeance. The police have been unable to find anyone who saw Restrifo after 8 o'clock on Friday night, when he left his boarding-house in west New Rochelle.

It is known that only a few days ago Restrifo, after reading about the Black Hand murders in northern Westchester county, made the remark that he feared the Black Hand bandits.

A Narrow Escape.

In these days of rush and hurry courtesy is often forgotten. In the mad, pell mell rush of our little life things are done to offend that we rather remained undone. A hastily eaten meal and its resultant headache may cause us social or financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kodal For Dyspepsia. The Eastern State Hospital Investigation

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Oct. 1.—The Legislative investigation committee decided today to go to Williamsburg and reopen the Eastern State Hospital inquiry tomorrow. A committee has decided not to put Dr. Drewry upon the stand. The session of the second investigation promises to be very spicy.

The Cuban Situation.

Havana, Oct. 1.—The city is quiet today, not the slightest disturbance following the landing of marines and sailors. About 2,000 men from the American warships, now in the harbor, began coming ashore early today, and it will not be long before the entire number will be in camp at Camp Columbia. No parade of the landing forces was held, the men being dispatched at once to their headquarters. An additional force of 500 marines arrived today on the battleship Kentucky, and they will be landed before the day is over. All the mempers of the Palma cabinet have been notified by Governor Taft that he will appoint ministers within the next ten days, and that in the meantime the sub-secretaries will perform all the work that is to be done. Gov. Taft has also sent a cablegram to the Cuba Minister at Washington, Senor Quesada, requesting him not to insist upon his resignation being accepted for the present, at least. Rumor has it that some of the former members of the Palma Cabinet will be reinstated by Gov. Taft. Among those mentioned is Fontsy Sterling, Secretary of the Treasury. Marines and sailors to the number of 450, who had already been landed here, have been sent to Cienfuegos.

Havana, Oct 1.—The next few days will be a time of danger. While the rebels say they will disband peacefully, it is feared irresponsible parties will range as bandits over the country. The rebels have the privilege of keeping arms and confiscated horses. Havana is filling with refugees.

President Palma, who has occupied the palace since his inauguration as Cuba's first President, left that building today and will take his family to his old home at Matanzas.

Will Sue for Divorce.

New York, Oct., 1—The World this morning says that Mrs. Thomas Collier Platt, wife of the senior Senator from New York, is contemplating a divorce from her aged husband. It is even said that a suit has already been instituted. A wellknown vaudeville actress is said to have been a frequent visitor at the Senator's office. Mrs. Platt is said to have obtained evidence in person which she will use in framing her charges. Friends of the family do not hesitate to assert their belief that Mrs. Platt's suit is brought with the hope of effecting a settlement in the expectation that the family will compromise rather than have a scandal aired. Counter charges, it is said, will be made by the Senator against his wife naming a coachman, Hedges, as too intimate with Mrs. Platt. Senator Platt will neither admit nor deny the charges or counter charges.

[A dispatch from New York this evening states that Mrs. Platt denies the above story and says it originated with her son-in-law, Col. F. J. Carmody, through spite.]

Dumont Out of the Contest.

Paris, Oct., 1.—Santos Dumont, representing the United States in the balloon race for the Gordon Bennett cup, which started from here yesterday, has been compelled to drop out of the contest, owing to a severe injury to his arm. Santos Dumont caught his arm in the cordage of his aerial ship, and the member was badly torn. He was compelled to descend at Broglie, 75 miles from Paris, to obtain medical assistance.

Paris, Oct. 1.—Six of the sixteen balloons which left Paris yesterday in the international race for the Gordon Bennett cup are known to have crossed the English channel. Three other balloons have been reported passing over British territory, one in Midoxfordshire.

Later reports received here say that Santos Dumont was injured by his arm catching in the motor shaft. His arm is said to be paralyzed as a result of the wound but his condition is not considered serious.

Negroes Killed.

Atlanta, Ga., Oct. 1.— A special from West Point, Ga., tells of the killing of three colored men, and the possible fatal wounding of another by a party of mill operatives who fired on the negroes from a moving train. The whites had difficulty with a negro early in the day, who, after drawing his knife, escaped by running into a white man's store. The white proprietor protected him, and placed him on the dummy train. The whites followed on the next train, and passing the negro, who was talking with several other negroes, opened fire from the train upon them with fatal result. No arrests have been reported.

Battleship Recalled.

Norfolk, Va, Oct. 1.—The battleship Texas, which passed out of the Virginia Capes last night, with marines for Cuba, was by direction from Washington, today, recalled by wireless telegraph on the ground that her services were not needed in Cuba. She will return at once to Hampton Roads.

President Leaves for Capital.

Oyster Bay, Oct. 1—President Roosevelt's vacation officially ended at 9 o'clock this morning, when he boarded a special train on the Long Island Railroad and began his journey to Washington. He is due to arrive at the National Capital at 4:15 p. m.

Death of Brutal Husband

Mahony City, P., Oct. 1— Angered because the visit of the stork to his home resulted in a girl when he hoped for a boy. Wallace Gederick beat his wife so badly that she may die. He is under arrest.

New York Stock Market.

New York, Oct., 1.—The stock market at the opening was strong and active in spots. Gains were made in Great Northern, preferred, Northern Pacific, Union Pacific and Southern Pacific.

Rescue of a Merchant.

A prominent merchant of Shongo, N. Y., J. A. Johnson, says: "Several years ago I contracted a cough which grew worse, until I was hardly able to move around. I coughed constantly and nothing relieved my terrible suffering until I tried Dr. King's New Discovery. Before I had taken half a bottle my cough was much better, and in a short time I was entirely cured. I surely believe it saved my life. It will always be my family remedy for colds." Suicide of Al. Adams.

New York, Oct. 1.—Al Adams, the former "policy king," whom the late Norton Goddard sent to Sing Sing, committed suicide in his apartment at the Ansonia Hotel, today. For thirty years he conducted a penny policy game. Adams shot himself through the right temple. The bullet passed clear through his head and lodged in the wall of the private hallway leading to Adam's apartments. The reason given for Adam's suicide was despondency over the ill fame he earned by his connection with the policy game and over the heavy failure of bucket shop and mining ventures in which he was the principal backer. According to Coroner Harburger, however, letters found in Adams's room indicated that he died worth from $8,000,000 to $10,000,000.

Carnegie to Spend $55,000,000.

Leeds, Eng., Oct. 1.—Andrew Carnegie intends to spend $55,000,000 before his death in trying to better the condition of his fellow-men and he is now seeking to discover how he can dispose of this sum to accomplish the greatest good. This is the statement made by the Yorkshire Herald. According to this newspaper, Mr. Carnegie has written to various school boards and other public bodies throughout Scotland, making known his intention to dispose of this vast sum for the benefit of humanity. All those who have been addressed have been asked to make suggestions as to the most beneficial method for the allocation of Mr. Carnegie's millions.

The Czar to Abdicate?

Paris, Oct. 1.—That Czar Nicholas is to abdicate and a regency will be formed to govern Russia, is the latest sensational report from the Russian capital and all Paris is discussing it with great interest. Dispatches to Parisian newspapers from St. Petersburg, say that in court circles the proposed regency is being discussed seriously. Nicholas's health has about broken down under the strain to which he has been subjected and his entourage is alarmed as to his condition.

One report circulated has it that the Czar intends to go to Amslienborg Chateau, in Denmark, and this is regarded by many as the forerunner of his abdication.

Letter to Jacob Brill.

Alexandria, Virginia.

Dear Sir: Here's a tale with three or four tails to it.

Professor Irvin- has an Academy, Mercersburg, Penn. He paints the floor in summer vacation. It used to take 90 gallons of paint. There were two paint-stores there, and he used to buy (one year of one, next year of the other) 90 gallons year after year.

Now he paints Devoe; 60 gallons; and the difference is a saving of $150 a year.

H. C. Fallon was one of those dealers, good man; but he wouldn't take-up Devoe; so we turned to the other, J A Boyd. But Fallon has found it necessary to get a good paint to compete with Devoe. He got one of the eight honest paints He has a big hardware store and is doing an excellent hardware business; but Boyd, of course, has the run on paints—he's a little hardware man.

We don't care how little or big a man is, if he wants good paint and is active and sound

Yours truly,
F W DEVOE & Co.

ECHOES OF THE STORM.

The deaths in the resent storms in the vicinity of Mobile are now known to number 79, and there is a possibility that the total may be increased to 125. At Coben 31 died; near Herron Bay, 21; on and around Dauphin Island, 15; at Grand Bay, 2; at Delchamps, 4. Estimates of damage in and around Mobile run as high as $8,000,000. At Pensacola the water front is still lined with wreckage.

Many oceangoing vessels are hard aground and many smaller crafts were sunk. The navy has lost $1,000,000, with five vessels sunk, and the army suffered heavily.

The Weather Bureau last night announced that another tropical disturbance is reported as approaching the Yucatan channel from the east, but that there was no information available as to the intensity of the storm. The approach of this second storm was reported to the bureau by the Belen College of Jesuits, at Havana, the same source from which the warning of recent Gulf hurricanes first emanated, and an institution which has a number of weather stations.

While the bureau officials decline to hazard a prediction as to how severe is the second storm, it is pointed out that the fact that the remnant of the storm of last week, being now crowded southward in the middle Gulf coast, may serve as a check upon the storm reported last night.

Decrease in Pension Roll.

The net decrease in the pension roll of the United States for the fiscal year ending June 30 last amounted to 12,470, the largest decrease ever known in the history of the country. These facts are brought out in the annual report of Commissioner of Pension Warner, which has just been completed. In the report the Commissioner expresses the opinion that there will be a still more marked decrease during the present year.

During the year there were added to the roll 33,569 new pensioners and 1,405 restorations and renewals, making a total addition of 34,974 The total number of pensioners on the roll during the year was 1,033,415. The number of pensioners dropped from the roll during the year was 47,444, leaving the number of pensioners June 30, 1906, 985,971.

The maximum number of pensioners in the history of the bureau was reached January 31, 1905, when it was 1,004,196, since which date there has been a steady decrease, aggregating to June 30, 1906, 18,225.

Of the number dropped 29,208 were those of survivors of the civil war, leaving 666,453 survivors of that war still on the roll. There are still four pensioners on account of the revolutionary war, one a widow and the other three daughters; 660, all widows, on account of the war with Spain, and 11,472 on account of the Mexican war. Of the Mexican war pensions 3,984 are to survivors.

Marriages at Luna Park.

The excursion of the Mystic Shriners to Luna Park last Saturday was a successful and enjoyable affair in every particular. Two marriages were celebrated in the musical shell. The contracting parties were Washingtonians, the first couple being Mary Louise Warters and Elmer Wilson Holland The marriage took place in the afternoon. The ceremony was conducted by Rev. Dr. Fisher of the Baptist Church of this city. The couple left on the 7:15 p. m., train for a trip to Buffalo, Niagara Falls and Toronto, the expenses of which will be paid by the Luna Park management. Thomas Walker presented the groom with $50 as a gift of the Arab Patrol, and presents donated by merchants included a bed room set and other furniture.

The second wedding to take place at 8 o'clock when Miss Fannie Baggott, niece of Mr. and Mrs. Robert Baggott, and Mr. Joseph National Holland were married. This ceremony was also performed by Rev. Dr. Fisher. The couple departed for Niagara Falls later.

But three more days remain for visiting Luna Park. Today will be known as Southern day, and speeches will be made, and there will be a great carnival of merriment.

Tomorrow will be greater Washington Day. A tournament will mark this day's observance. Over $200 in cash prizes is offered the successful riders. A coronation ball and an old time country dance will be a feature of the evening.

The park will close for the season on Wednesday night. That day will be known as "German Day," and preparations are in progress to make it enjoyable to all who may attend.

Lady Insulted on a Train.

Shortly after nine o'clock last Saturday night a tall, powerfully built burley white man boarded a train at Luna Park for this city. A number of young ladies who had visited the resort were also among the passengers on the train. The unknown man seated himself alongside one of them and his conduct soon became so repugnant that she arose and secured another seat. The man then took possession of a seat alongside of another young woman, and renewed his gross conduct. The circumstances in connection with his behavior were extraordinary and bestial, and he continued his unwarranted familiarity and obscene advances until the city limits were reached. When the train came to a stop at Columbus street the young woman who had suffered such a gross insult from the man asked if there were not some men on the train who would protect her from the brute who had sat alongside of her. The man in the meantime left the train and proceeded south on Columbus street, while the young woman left the car on the north side. The matter was reported to the police and they have made every exertion to identify the man, but so far their efforts have been futile. The circumstances in connection with the case being revolting, the affair has naturally caused no little indignation. The man is not believed to be a resident of this city. The Alexandrians on the train who saw him say he was unknown to them. On the way from the park it was noticed that the young woman at times was perturbed, but most of the passengers say they supposed that the man was the lady's escort and that the two were simply quarreling with each other.

Horses Drowned.

Two valuable horses belonging to Smoot & Co., lumber dealers, were drowned at 11:30 o'clock this morning in the dock at the ferry slip, foot of King street. The horses were attached to an empty lumber wagon in charge of Mr. Harry Tyler, who had arrived here on the steamer Woodbury. After the steamer had been made fast in the slip a vehicle passed off. This was followed by Smoot & Co's wagon, but when the team was in the act of passing from the steamer to the wharf the boat moved several feet from the slip by the parting of the chain which was holding the steamer. Mr Tyler, realizing his peril, jumped and avoided falling overboard, but the wagon and horses were precipitated into the dock, and the horses were drowned before they could be cut loose from the wagon. The work of pulling the wagon and horses from the dock was accomplished as soon as possible and there was but little interruption in the ferry service. It is supposed that the northeast wind and strong ebb tide caused the boat to move and break the chain.

Opera House Tonight.

The Fredericksburg Journal has the following to say of the Corinne Runkel Stock Company, which will commence a two weeks' engagement at the Opera House tonight: "The Opera House was filled to overflowing last evening to see the Corinne Runkel Stock Company in their attractive play, "The Inside Track." The play was well rendered and much enjoyed by all present. Miss Runkel played her part well and was excellently supported by the entire company. Harry E. Pierce and Charles W. Guthrie as the scoundrel, were very good. Mr. Griton and little Dave Runkel were the life of the play. Miss Ray Myers as the Maid of the Mill was excellent. In fact the entire company is far above the average of popular priced plays that come to Fredericksburg. There are no tiresome waits, as there are specialties between acts and the audience is amused the entire time."

Taken to the Penitentiary.

S. J. Smith, one of the keepers of the penitentiary, passed through this city this morning with William Laydrane, white, and Wm. Thomas and William Whiting, colored, all of Fairfax, in charge. Laydrane is to serve one year for assaulting his wife, Whiting one year for assault, and Thomas for twenty-seven years for horsestealing, he having been convicted on nine counts. He had previously been sent to the penitentiary for twelve years for a similar offense.

The beats of the policemen were changed today.

Deaths.

Mr. Charles Goodrich, a well-known and popular citizen, and a resident of the First ward, died early yesterday morning at his home, 300 Duke street, after a long illness. A widow and three children—a son and two daughters—who survive him. The deceased was 64 years old. Mr. Goodrich was measurer and inspector of wood and bark for a number of years, resigning only a few months ago because of ill health. The deceased was many years ago a member of the Common Council from the Second ward and later represented the same ward in the Board of Aldermen. He was also a Past Grand Master of Odd Fellows of Virginia.

Mr. John A. Arnold, son of the late John Arnold, and a native of this city, died at his home in Bloomington, Ill., at 2 o'clock this morning. The deceased leaves a widow (nee Benter) and five children. Mr. Arnold conducted the hat business in this city over 30 years ago. During the civil war he was a member of the Old Dominion Rifles, and served faithfully throughout the conflict. He was a member of Lee Camp Confederate veterans of this city.

Mr. Lewis Hipkins, an old and well-known Alexandrian, died at Arlington last night. The deceased until a few years ago resided in Alexandria. He was a son of the late Lewis Hipkins.

Robert, the infant son of Mr. Robert C. and Mrs. Florence Ramsey, died at his parents' residence, 227 north Royal street, last night.

Police Court.

[Justice L. H. Thompson presiding.]

The following cases were disposed of this morning:

A railroad official, charged with allowing a locomotive to partly obstruct the intersection of Wolfe and Henry streets, was dismissed, upon guaranteeing the crossing would be kept free in future.

John Williams, colored, arrested by Officer Bell charged with being drunk and disorderly, was dismissed, the plaintiff failing to appear.

John Beaner, colored, arrested by Officer Roberts charged with using abusive and threatening language toward Willis Richards, colored, was fined $5.

William Root, arrested by Officers Garvey and Sherwood for being drunk in the street, was dismissed upon promising to leave the city.

Bendheim's Reception Tonight.

Messrs. D. Bendheim & Sons have made arrangements for a reception tonight from 7:30 to 9 o'clock of their many customers and friends at their store No 316 King street. Their stock of winter wraps, silk and woolen underwear, dress goods, laces, embroideries, &c, is very extensive, most of which will be on display tonight. Mr. W. I. Whitson will have the latest pattern of graphophones at the store, and enlivening music will be an interesting feature of the reception. The Messrs Bendheim's store is one of the oldest in Alexandria, as well as in this portion of Virginia, and their enterprise and the satisfactory quality and prices of their goods have given them a well-deserved reputation in this section. They cordially invite their many friends to be present tonight.

After Alleged Gamblers.

The police of this city yesterday procured the names of thirteen Alexandrians who, it is alleged, boarded the little steamer Bartholdi, presumably to gamble on the ark, which is anchored in the Potomac river off Jones Point, and it is said that Harbormaster Sutton, of Washington, and a detective from that city were also engaged in securing the names of Washingtonians who visited the ark.

New Engine.

The new steam fire engines now in the Columbia engine house, was inspected by many persons yesterday. The apparatus will be given a three hours' test at the foot of Wolfe street tomorrow afternoon. Chief Belt and other officials of the Washington fire department will be present, together with Mr. Wassell, inspecting engineer of the Seneca Falls works where the engine was built.

Taken Back to Culpeper.

George Griffin, colored, who was brought to this city from Culpeper county recently to insure his safety until the date of his trial for an alleged attempt to attack a fifteen-year-old white girl, and who has been confined in the city jail, was removed to Culpeper by officers from that county this morning. His case was set for trial today.

Corporation Court.

[Judge L. C. Barley presiding.]

L. H. Thompson was appointed a Justice of the Peace for the First ward and qualified as such.

J. W. Butler was appointed guardian of his son, W. H. Butler.

Jane Whiting vs. Alice Johnson et als.; final decree.

River Notes.

The schooner Fannie Estelle, for Cole's Landing, and the schooner Russell, for Chicamuxen, loaded with lumber by H. K. Field & Co, have sailed.

The barge Lily of the West, loaded with lumber by Smoot & Co., has sailed for Fort Washington.

In a Hurry

A man meeting another on the street Saturday last remarked that the storm in Georgia was traveling this way at the rate of eighty miles an hour. "Goodbye," said the other, "I must get home quick, that storm will reach here in just two minutes."

A regular monthly meeting of LEE CAMP, CONFEDERATE VETERANS, will be held at their hall MONDAY NIGHT at 8 o'clock. Full attendance is desired.

JEWELRY.

Going Housekeeping?

If so, you can hardly get along without spoons, knives and forks. The silver-plated are without a doubt the most economical in the end. They wear longer, look better and cost very little more than the ordinary kinds. We can even supply silver plated knives with steel blades.

Your sideboard is hardly complete without a silver set. Silver cake and fruit baskets should also be placed there.

A candelabra with will brighten the table considerably. After the spread has been cleared off a silver fern dish should be placed on the table.

The necessary things in cut-glass are the decanter, the berry bowl and the celery dish. In a great many homes the ice cream is served on cut glass plates.

On your dresser place a traveling alarm clock and a sterling silver or silver-plated toilet set, also a hat and clothes brush.

You will find plenty use of a number of small silver-plated trays. One has always so many trinkets to take care of.

There should be a jewel case on the dresser, if only for appearance sake. Over night it is a good place to keep the watch and Z—K Gold Chain.

WEAR HOLEPROOF HOSIERY.

Guaranteed to wear six months without holes. There are many brands of hosiery on the market that look just as good as Holeproof before they are worn, but in mere looks do they resemble Holeproof. The wonderful durability and wearing qualities of our famous brand are not discovered by casual examination; you must wear Holeproof Hosiery to know its real value; this is the only right test If you buy hosiery on account of its good appearance then you should buy Holeproof because there is no finer looking hosiery made any where. We guarantee every pair to wear six months without holes. Its equal never known before.

Recalling a Mailed Letter.

Many times people would like to recall a letter after it has been mailed. This can be done even if the letter has reached the postoffice of its destination. At every postoffice there are what are called "withdrawal blanks." On application they will be furnished, and when a deposit is made to cover the expense the postmaster will telegraph to the postmaster at the letter's destination asking that it be promptly returned. The applicant first signs this agreement: "It is hereby agreed that, if the letter is returned to me, I will protect you from any and all claims made against you for such return and will fully indemnify you for any loss you may sustain by reason of such action. And I herewith deposit $— to cover all expenses incurred and will deliver to you the envelope of the letter returned." In many cases persons have made remittances to fraudulent parties or irresponsible firms, not learning their true character until after the letter had gone, and have succeeded in recalling them.—Boston Transcript.

A Quick Start.

O. W. Nickerson and J. S. Baker were residents of Harwick. Captain Nickerson, as he was called, was a man of means and very shrewd. Joe was less fortunate. One day the captain met Joe and said, "Come over tonight." Joe did so, and as soon as he entered the captain's home the captain took him into a distant room, closed all the windows and doors securely and said: "Now, Joe, I will tell you the secret of getting rich and you can pay me $25. Be saving, of course, and when you do make a bargain with any one be sure that no one hears you, and then if you get the worst of it or want to back out you can. Now hand me the $25."

Joe thought a second and then said, "Did any one hear us make this bargain, captain?"

"Not a soul," replied the captain.

"Well, then," Joe said, "I guess I'll begin on you."—Boston Herald.

"Where the Treasure Is," Etc.

"Harold," said the heiress, "I have been thinking."

"Thinking of me, precious?" asked Harold.

"Indirectly, yes. I have been thinking that were you to marry me everybody would say you only did so in order to get my money."

"What care I for the unthinking world?"

"But, oh, Harold, I will marry you!"

"My own dar"—

"And I will not have people say unkind things about you, so I have arranged to give all my fortune to the missionaries. Why, Harold, where are you going?"

Harold paused long enough on his way to the door to look back and mutter, "I'm going to be a missionary!"—Judge.

Star Rays.

What causes the rays or pencils of light that seem to be thrown out by every star when seen by the naked eye? A German scientist finds that all stars show precisely the same rays, but that in the case of the brighter stars the rays are plainer and somewhat longer. It is further remarked that the rays seen by the left and right eyes differ, and that if the head be turned the rays are rotated in a corresponding manner. It is thus concluded that the source of the rays is not in the stars, but in the eye itself, the middle of the retina being not perfectly homogeneous in its sensitiveness.

How a Horse Sleeps.

Horses always point one ear forward when they sleep. Exactly why it is done no human being can tell, but the probability is that the practice is a relic of the time when they were wild and obliged to be on their guard even when asleep. Cattle, on the other hand, are apparently indifferent as to the position of their ears while sleeping, but no odds what position they are in both are always pointed alike. Ask some observing horseman if it is not a fact that a horse always throws one ear forward when he sleeps.

Commerce and Literature.

"Do you think that a commercial career is to be compared to a literary career?" asked the high browed and melancholy youth.

"My boy," said Mr. Cumrox, "in business you can write your name on a piece of paper no bigger than a postal card and make it worth thousands of dollars. In literature you can write up reams of paper without making it worth 50 cents."—Washington Star.

A Man of Affairs.

Collector (angrily)—Your master seems never to be at home. Faithful Retainer—He's a busy man, sor. He's that busy O'm thinkin' he'd find it harrd to sphare toime to attind his own funeral, sor—unliss, to be sure, they putt it off till he wor dead, sor.—Brooklyn Life.

A Scientific Wonder.

The cures that stand to its credit make Bucklen's Arnica Salve a scientific wonder. It cured E. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of Piles. It heals the worst Burns, Sores, Boils, Ulcers, Cuts, Wounds, Chilblains and Salt Rheum. Only 25c at E S. Leadbeater & Sons' drug store.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind

Make a note now to get Ely's Cream Balm if you are troubled with nasal catarrh, hay fever or cold in the head. It is purifying and soothing to the sensitive membranes that line the air-passages. It is made to cure the disease, not to fool the patient by a short, deceptive relief. There is no cocaine nor mercury in it. Do not be talked into taking a substitute for Ely's Cream Balm. All druggists sell it. Price 50c. Mailed by Ely Bros. 56 Warren Street, New York.
